

expONA[®] FLOW

DESIGN LED CONTINUOUS VINYL FLOORING

A unique addition to the Expona Family

Flooring has the ability to greatly influence and bring together an interior scheme, whether it is selected to provide a subtle neutral base, allowing other fixtures and furnishing within the space to shine, or chosen to make a bold statement with strong colours, lines and textures.

Expona Flow is a unique collection of vinyl sheet designs within the Expona family, historically recognised internationally as offering the highest quality, design led luxury vinyl flooring. Incorporating 50 heavy commercial floor covering options, Expona Flow includes an assortment of floor finishes, textures and colours to suit any interior style.

Authentically replicating natural wood planks from a diverse range of tree species and wood treatments, combined with innovative abstract and fantastical materials, the variety of different colour and pattern combinations is vast.

Combining over 20 years of technical, design and development experience, the Expona Flow collection has been expertly created and exhibits high quality, passion and resilience, all traits expected from an Expona collection.

Wood

Sympathetically portraying the natural beauty of timber planks, the Expona Flow wood collection offers a mixture of tones, grains and treatments including weathered, painted and limed effects. The subtle surface textures accentuate the many cracks and veins found in the natural wood designs, whilst giving the floor finish an authentic feel.

Wood

9820 Blond Oak

9820 Blond Oak

Plank w/l: 167 x 1500mm
w/r: 9820

9821 Honey Oak

Plank w/l: 167 x 1500mm
w/r: 9821

9822 Toasted Oak

Plank w/l: 167 x 1500mm
w/r: 9822

Offering a classic design and familiar colour palette, oak continues to be a strong favourite in commercial interiors. These three oak plank shades incorporate warm and inviting wood tones, whilst the gentle uniform grain blends beautifully with a variety of interior design schemes.

Wood

Beautifully demonstrating the bold character that oak can offer an interior, these rustic plank designs suggest a strong, aged timber that give real character and a sense of history to a space. The wider plank and textured surface further accentuates this and adds weight to the traditional nature of the design.

9826 Silver Oak

Plank w/l: 200 x 1500mm
w/r: 9826

9827 Smoked Oak

Plank w/l: 200 x 1500mm
w/r: 9827

Wood

9824 Aged Oak

Unlike the colour palette on the previous page, Sun Bleached and English Oak, though rustic in grain texture and cracks, are more traditional shades of this popular timber. For those interiors looking to achieve a rustic appearance without making a bold statement, these warm subtle tones are more fitting.

9825 Sun Bleached Oak

Plank w/l: 200 x 1500mm
w/r: 9825

9824 Aged Oak

Plank w/l: 200 x 1500mm
w/r: 9824

9823 English Oak

Plank w/l: 200 x 1500mm
w/r: 9823

Wood

9828 Painted Chevron

9828 Painted Chevron

Plank w/l: 120 x 700mm
w/r: 9828

9829 Grey Weathered Chevron

Plank w/l: 120 x 700mm
w/r: 9829

9830 Reclaimed Chevron

Plank w/l: 120 x 700mm
w/r: 9830

This featured range of Chevron wood effects helps to create a dramatic statement within an interior whilst retaining the beauty of natural oak planks. By adding further surface textures such as a painted or reclaimed wood effect, each design gains subtle depth and unique detailing that is suitable for both traditional and contemporary interiors.

Wood

Wood

9833 Classic Limed Ash

9833 Classic Limed Ash

Plank w/l: 166 x 1500mm
w/r: 9833

9832 Warm Limed Ash

Plank w/l: 166 x 1500mm
w/r: 9832

9831 Roasted Limed Ash

Plank w/l: 166 x 1500mm
w/r: 9831

Simple clean lines and subtle tonal variations are just some of the characteristics that make ash planks so appealing to interior designers, all of which are beautifully captured in these three floor coverings. The use of warming beige, taupe and grey shades further emphasises the delicate structure of the grain, for an elegant effect.

Wood

9835 Bronzed Pine

The distinctive grain pattern of pine is instantly recognisable due to its wide use in interior schemes over the years. The strong plank characteristics of the Blond, Golden and Bronzed designs featured here complement beautifully with the deep, golden tones and warm highlights within each plank.

9839 Blond Pine

Plank w/l: 166 x 1500mm
w/r: 9839

9835 Bronzed Pine

Plank w/l: 166 x 1500mm
w/r: 9835

9838 Golden Pine

Plank w/l: 166 x 1500mm
w/r: 9838

Wood

9836 Silvered Pine & 9834 White Pine

9834 White Pine

Plank w/l: 166 x 1500mm
w/r: 9834

9836 Silvered Pine

Plank w/l: 166 x 1500mm
w/r: 9836

9837 Charcoal Pine

Plank w/l: 166 x 1500mm
w/r: 9837

Incorporating striking tonal variations for an eye-catching effect, the White, Silvered and Charcoal Pine designs are intended to make a statement. Differing from those on the previous spread, these monochrome floor finishes give the traditional pine design a fresh contemporary twist.

Effects

Taking a more creative and abstract direction, the Expona Flow effects collection includes a variety of graphic patterns and industrial materials designed to excite the imagination. The mix of neutral shades and attractive brights within the **Cosmos** collection of continuous flooring provides a smooth finish with subtle pearlescent detailing, whilst the **Infinity** collection with its striking linear design and contrasting colours creates a bolder effect. For those interiors seeking a contemporary, industrial feel, the **Concrete** collection includes both polished and textured designs that can be used individually or in combination to create eye-catching installations.

Infinity

9863 Auburn

Drawing influence from traditional textiles and woven floor coverings, each of these linear patterns is composed of harmonious beige, gold and brown shades all blended together, eliminating the use of hard lines to create a softer, more organic appearance.

9869 Honey Beige

w/r: 9869

9863 Auburn

w/r: 9863

9867 Espresso

w/r: 9867

Infinity

9866 Raven

9866 Raven

w/r: 9866

9864 Autumn Rain

w/r: 9864

9868 Firelight

w/r: 9868

9865 Night Sky

w/r: 9865

Developed as a more graphic representation of the same linear design, the use of complimentary and contrasting shades within the flooring pattern makes a bold interior design statement, accentuated by the linear surface texture.

Cosmos

9840 Oatmeal

9844 Luna

w/r: 9844

9840 Oatmeal

w/r: 9840

9845 Storm

w/r: 9845

9841 Moleskin

w/r: 9841

9842 Jet

w/r: 9842

9843 Taupe

w/r: 9843

The minimal effect created by these smooth, neutral floor coverings marries beautifully with both traditional and contemporary interiors. The subtle highlights created by the pearlescent fragments within the design give the floor added depth and movement that changes with the light in the room.

Cosmos

9851 Teal

9851 Teal

w/r: 9851

9852 Steel Blue

w/r: 9852

9854 Midnight

w/r: 9854

9853 Woodland

w/r: 9853

For those interior schemes that desire a more dramatic impact from the floor covering, the bold character of Teal, Steel Blue, Midnight and Woodland are extremely effective in creating an eye-catching base, without dominating the room.

Cosmos

9849 Flaxen

w/r: 9849

9848 Burnt Orange

w/r: 9848

9847 Plum

w/r: 9847

9846 Mulberry

w/r: 9846

9850 Meadow

w/r: 9850

Presenting a lively and daring effect that heightens the visual senses, these intense shades work well together in creating an appealing floor covering that is both fun and functional. Ideally placed in interiors designed to be engaging, inspiring and stimulating, the subtle pearlescent highlights further enhance the effect and gives the floor added depth.

Concrete

Combining subtle tonal variations to add depth and detailing with a polished surface effect, these designs give the appearance of continuous poured concrete, ideal for interiors seeking a seamless floor finish.

9858 Light Grey Concrete

w/r: 9858

9855 Warm Concrete

w/r: 9855

Concrete

Concrete

In contrast to the warmer concrete designs, the cooler effect of Dark Grey and Cool Concrete continue to appear in contemporary stylised interiors, providing a fresh neutral base for fixtures and furniture. The smooth surface gives the floor a clean, high-end polished appearance.

9856 Cool Concrete

w/r: 9856

9857 Dark Grey Concrete

w/r: 9857

Concrete

Accurately recreating the appearance of weathered concrete with the addition of fine cracks and a sandy surface decoration, these industrial concrete floors satisfy the trend for unfinished, reclaimed textures within modern interiors.

9860 Light Industrial Concrete

w/r: 9860

9859 Dark Industrial Concrete

w/r: 9859

Concrete

Providing a creative twist to an otherwise traditional polished concrete floor, these two ornamental designs bridge the gap between neutral and decorative flooring. The irregular stencil work gives the appearance of an aged floor that has been worn down over many years.

9861 Copper Ornamental

w/r: 9861

9862 Onyx Ornamental

w/r: 9862

Collections

Providing a snapshot of the entire ExponaFlow collection of continuous floorcoverings, the following pages also feature the relevant plank sizes and page number where you can view specific product information, larger format scans and example installations.

The Expona Flow collection of wood and effect designs offers a wide variety of shades and patterns, designed to look beautiful whether stand alone or combined with other designs from the range. If however you wish to include a bespoke design floor within your interior, with over 20 years experience in designing and cutting intricate flooring patterns, Polyflor's Design Service Team are on hand to help guide you through the process.

There is virtually no limit to the shapes, patterns or imagery you can create. We offer the precision and the flexibility of water jet cutting to meet your individual requirements.

We have helped numerous commercial interior designers to create stunning design floors for hundreds of installations, and our designers provide support throughout the project offering visuals, colour and product advice.

Information & Sustainability

Environment

Polyflor have for many decades been recognised as a leading global manufacturer of high quality, high performance floor coverings. We have demonstrated a high level of commitment and endeavour to minimise the impact our products have on the environment without compromising their performance benefits.

There can be few materials better suited to recycling than vinyl flooring. Expona Flow is **100% recyclable**, and can be recycled many times without losing any of its performance properties.

All our Expona Flow flooring has the prescribed CE mark, as a European declaration of performance and is regularly tested to ensure the exceptional standards are continually met. In specific global markets Expona meets stringent technical requirements. If further information is required, contact Polyflor Customer Technical Services.

Expona Flow has achieved the **Indoor Air Comfort Gold** rating. This certificate, issued by Eurofins, is awarded to products with VOC emissions below any globally determined VOC limits.

Maintenance

The incorporation of a **polyurethane reinforcement** into the Expona Flow collection helps to protect the floor covering by resisting soiling and scuffing. Combined with the superior closed surface finish, this enhanced protection allows the use of a polish-free maintenance regime for the lifetime of the flooring.

This leads to an overall maintenance cost saving of 48% over a 20+ year life when compared to untreated heterogeneous flooring, and fewer cleaning chemicals and reduced power requirements mean reduced environmental impact.

Website

To view details on the Expona Flow range online, visit www.polyflor.com and follow the links to the Expona Flow product page. Here you will find product details, additional technical data and the option to view installations.

Samples

When making your colour selection, we recommend you view an original sample which we will be happy to supply.

To request individual product samples of any design within the Expona Flow collection, visit www.polyflor.com. Alternatively, call the dedicated **Polyflor Samples Hotline** on **+44 (0) 161 767 2551**.

Contact Us

For general information on your specific project, either speak with your local Polyflor provider or contact us directly. If you require additional detailed technical data, either visit www.polyflor.com, following links to the technical pages or contact **Polyflor Customer Technical Services** on: **Tel: +44 (0)161 767 1912** or **Email: tech@polyflor.com**

For details of international Expona availability see the back cover of this brochure for global contacts or visit www.polyflor.com and follow the Contact Us link.
